

Branch Participation in Charities

- Official Branch 05 participation in Volunteer events will be restricted to events which involve Seniors (most notably Association members). Charitable event's participation will not be judged on the basis of whether the Charity is important and necessary but on the basis of how it directly affects our members.

Branch Facility & Service Usage

- Official Branch 05 support in the distribution of material for Charitable and Non-profit Organizations will not be judged on the basis of whether the Charity or Non-profit Society's purpose is important and necessary but on the basis of how it directly impacts our members.

Branch Philosophy

- We encourage all Association members to individually choose and support the Charities of their choosing.
